Residential Shift Supervisor

Description

TurnAround is seeking a full-time Residential Shift Supervisor to join our residential services team where we provide state-of-the-art trauma-focused treatment (evaluation, therapy, case management services) to children ages 13-17 and their families in the aftermath of exposure to human trafficking and complex trauma. The Residential Shift Supervisor is responsible for providing direct oversight to direct care staff to support child survivors that have experienced human trafficking. The Residential Shift Supervisor will independently provide support to all assigned staff, coordinate scheduling of staff for all shifts, and manage the facilities and front-line operation of the program during their shift.

This is an essential position, which may require work during holidays, inclement weather, or emergencies to ensure continuity of care. Due to the nature of the residential facility serving female clients and the need to provide trauma-informed, privacy-sensitive care, this position is limited to female applicants in accordance with federal, state, and local regulations governing Bona Fide Occupational Qualifications (BFOQ).
